Did not use cells behind ambulance bay, did not see them used.

It was ~~Seacrest~~ protocol to check in w/ a witness, but others would routinely interview people w/o checking in.

No first-hand knowledge of abuse ~~early part of year~~.

Did not work directly under Bunge; presented himself as a tough guy.

Any Black officers tell you anything?

SPECIAL PROSECUTOR JUDGE EGAN INDICT ALL OF BURGE'S DETECTIVES!

Enough is Enough!

We, the undersigned, urge you, Special Prosecutor Judge Egan, to recommend indictments of former Chicago Police Commander Jon Burge and *all* of the detectives who worked directly under his command at Area 2 and 3 police headquarters from the late 70s to the early nineties.¹

Sources tell us that as a result of your investigation you now have in your possession the necessary information implicating not just Commander Burge but his detectives in the torture ring that railroaded over 118 men to prison and/or death row on the basis of confessions extracted through systematic torture, including the use of electro-shock, suffocation, burnings and severe beatings.²

We believe that for your office to recommend anything short of indictments for all officers involved would send a clear signal to all the families and their loved ones, still languishing in prison, that you too are involved in a cover up and hence guilty of conspiracy to cover up police torture in Chicago.

We have great faith, however, that you understand your historic role and will see that justice is served.³ We know from countless discussions with those you have interviewed, as well as a meeting held in May between yourself, Enough is Enough Campaign Director Joan Parkin, and Bertha Escamilla, that you are conducting a thorough investigation. We are however concerned that former State's Attorney, Mayor Richard M. Daley, and the present States Attorney, Richard Devine, will hold undo influence upon your recommendations because of their conflict of interest⁴ and political might.

We lend you all of our support and encouragement to do the right thing. Please remember that there is no greater power than that of the countless families, friends, and torture victims who have your back and are mightier than any backroom deals orchestrated by a handful of corrupt officials. Let not history but ourselves be the judge of what is right and wrong. May the truth be your guide and the people your sword.

Respectfully,

For more information please contact the **Enough is Enough! Campaign**
PO Box 377535, Chicago, IL 60637; Phone: (773) 488-4238, email: enoughisenoughcampaign@yahoo.com

¹ Area 2 & 3 Detectives Basile, Burge, Boffo, Boudreau, Bosco, Bielska, Byron, Byrne, Cullom, Crescenzo, Cegielski, Egan, Dignan, Dowling, Dwyer, Flood, Foley, Garity, Grunhard, Gutrich, Glynn, Gorman, Halloran, Hick, Hill, Hoke, Kelly, Kili, Krippel, Lotito, Maslanka, McDermott, McKenna, McWeeny, O'Brien, Ohara, Paladino, Phelan, Pienta, Rizzo, Smith, Steen, Terrazas, Wilson, Yucatis (now deceased, but his torture victims still remain in prison on confessions he extracted through torture).

² Countless torture victims have disclosed to us and you testimony that corroborates their night of horror in Chicago's Police torture chambers at Area 2 and 3 at the hands of former Police Commander Jon Burge and his Detectives.

³ Special Prosecutor Judge Egan is the third and hopefully final person to fully uncover Chicago's Police Torture Conspiracy. In 1993 Michael Goldston submitted a report that lead to the firing of Jon Burge. In 2002, former Governor George Ryan pardoned four of Burge's victims from death row and released three after having conducted a thorough investigation. Now the torch has been passed to Judge Egan, who has the power to finally win real justice for all 118 Police Torture Victims.

⁴ Mayor Daley was States Attorney when most of the torture victims were railroaded to prison and/or death row. States Attorney Richard Devine was removed from jurisdiction of the torture cases by Chief Judge Paul Biébel because of his conflict of interest, who as assistant to Daley while the torture ring was operating, continued to obstruct the Burge victim's efforts to get hearings.

You know by example (to turn a blind eye). You get the idea of

Kind of the reason he left Chicago.

Agreed THAT: There was a sense that they were getting what they deserved if the
